

SHELTER MEALS for JANUARY 2019

PT Sangha and the Quakers provided a week of Shelter in January, 2019

- PT Sangha cooked three dinners & made three days of lunches.
- The Quakers prepared four dinners & lunches and all seven breakfast meals.
- PT Sangha covered the costs of our 3 dinners. Quakers initially covered all the other food costs – 4 dinners, 7 breakfasts, and 7 lunches.

COOKING TEAMS

We had a great response from the PT Sangha to work on the cooking teams.

- 19 individuals (15 PT Sangha members, four friends of members)
- One person assisted all 3 nights; one assisted for two nights

We had teams of seven people each night, and so we easily accomplished our tasks.

Recommendations for 2020:

- It would be possible to work with fewer people or in shifts. Teams of 5 are the minimum size needed.
- If we have this response in 2020, maybe some Sangha members offer to support the Quakers' cooking teams on their nights.

COSTS

Total Program Expenses: \$487

The PT Sangha contributed \$350 to cover the three dinners, and we made a \$100 donation to the Quakers to cover breakfast and lunch costs. Additional food-related program costs totaled: \$37. Total expended was \$487.

For these expenses, the Sangha received program specific contributions in the amount of: \$107.

Therefore, total Net Sangha Funds expended for the Food Program 2019 was \$380.

Recommendations for 2020:

Request the PT Sangha cover all 3 meals for at least three days, and increase funding if possible.
